

DAILY NURTURE

17. An Odd Chapter

Many books and authors are “hidden away” in expansive (and expensive) multi-volume sets of books, a mere glimpse of which wrests a gasp of dismay, dread, despair. Fear not! They are not as formidable as they appear. One is not required to read the whole thing. Or to buy the whole thing. Volumes can be purchased individually or borrowed from a library.

The lists below emphasize how much material is available in English. Not all are saints, not all are Orthodox. It is often helpful to read the Life of a saint before reading his works to get a better idea of the context of the writings and their place in the Church.

A cautionary note. These translations are produced by Roman Catholics, Protestants, and Western academics with their various distortions. The translations themselves are fairly reliable, but it may be best to skip the introductions, overviews, and elucidations, and to read with one’s thumb over the notes.

Ancient Christian Writers Series (Paulist Press)
